The Role of Accounting Management in Decision Making

In any company, growth and profitability are two primary goals. Every role in the company contributes to the effort to reach these goals in some way, with some roles performing more aggressive duties than others. Accounting managers play one of the more profit- and growth-focused roles in a company. Persons in this position, also known as managerial accountants, have a few distinct duties to help companies make internal decisions that lead to profitability and growth.

The role of information in strategic decision making

A rational approach to decision-making does not by itself imply that every titbit of information must be located, accessed, retrieved, analysed and utilised before a decision can be reached as there are

limits to the amount of information that can be collected in a rational decision-making process.
